

STUDENT CODE OF CONDUCT COMPUTERS

The students of City Beach Primary School are privileged to have extensive computer resources. To develop the best possible educational use of these resources, the following rules have been developed for all students to abide by.

As a student at City Beach Primary School:

1. I agree to follow the teacher instructions regarding the computer use and activities.
2. I will demonstrate responsible and trustworthy behaviour by taking care with the computer resources and being courteous and co-operative at all times.
3. I will only use the computers and internet when I am supervised by a teacher.
4. I will use the computers and internet for educational purposes.
5. Mistakes sometimes happen. The internet shows a history of the paths that one has chosen. If I mistakenly access inappropriate material that is profane, rude, nasty or discriminative, I will tell my teacher immediately otherwise it may be assumed that it was intentional.
6. I will not eat or drink at or near any computer.
7. I will respect and never interfere with the work on any computer of any other person (adult or student).
8. The work I produce will not contain any inappropriate or offensive content.
9. I will not print, download material or change computer settings without prior teacher permission.
10. I will not give out personal information such as my surname, address, telephone number, parent's work address/telephone number or my school name and location.

Breaking any of these rules will result in restricted and supervised computer use for a period of **five school weeks** from the date of the offence. Parents will be notified if this occurs.
