

City Beach Primary School

Future Directions 2025 – 2028

Our Plan • Our People • Our Vision

**A connected culture of learning, excellence and success
where everyone belongs and can thrive.**

Our vision is built on the belief that every student, teacher, and family play a vital role in creating an environment where everyone belongs and can thrive. We are all learners for life and by working together, we can create a school culture that is connected, inspiring and empowering.

This plan has evolved from the work of our last plan and strengthens approaches to strive for academic and character excellence at City Beach Primary School. It is reflective of school community feedback, consultation and analysis of data together with the implementation of effective evidence based approaches. Initiatives and strategies in the plan align with Department of Education focus areas for success and the Public School Review Standard.

Our community canvas collaboration with Aboriginal artist Deborah Bonar in 2024 "Connecting on Wadjuk Country" captures the themes of belonging, connection and celebrations of all people central to our uniqueness at City Beach Primary School.

We are committed to:

Learning: Promoting a love for learning through high impact teaching in a safe and supportive learning environment.

Excellence: Encouraging high standards in character and academics, ensuring that each student reaches their potential.

Success: Celebrating the achievements, progress and growth of our school community, and recognising that hard work and effort contribute to our school's success.

Our Beliefs

**Together, we can achieve great things
Achieving Together With Pride**

We believe in:

- The importance of connection, belonging and being known
- Providing safe and engaging learning environments to support growth
- Nurturing a love of learning inspired by creativity and curiosity
- Encouraging growth mindsets to develop skills for life success
- The power of community, collaboration and effort to achieve excellence

Our Success will:

Support and challenge students:

Ensure each child's achievement is monitored and they are provided with support and challenge to make expected or better than expected progress.

Increase NAPLAN Proficiency:

Increase the percentage of students achieving in the top two NAPLAN proficiency bands (Strong and Exceeding) in NAPLAN Assessments.

Enhance Health and Wellbeing:

Increase staff and student health and wellbeing reflected in the annual collection of data.

Strengthen Community Engagement:

Demonstrate strong school community engagement and cultural responsiveness.

Inform Planning:

Self-assessment processes and data analysis inform the selection of targets and the development of focus area improvement plans.
